5. Place the two 16" x 17 1/2" Fabric C pieces right sides together. Stitch down the two short sides and across the bottom, leaving a 4" opening for turning to create the lining.

6. Repeat Step 4 to create a box corner on each bottom corner of the lining.

7. Fold (1) 4" x WOF Fabric D strip in half lengthwise and press (Fig. 4). Open the folded fabric and fold each long edge to the creased center line and press (Fig. 5).

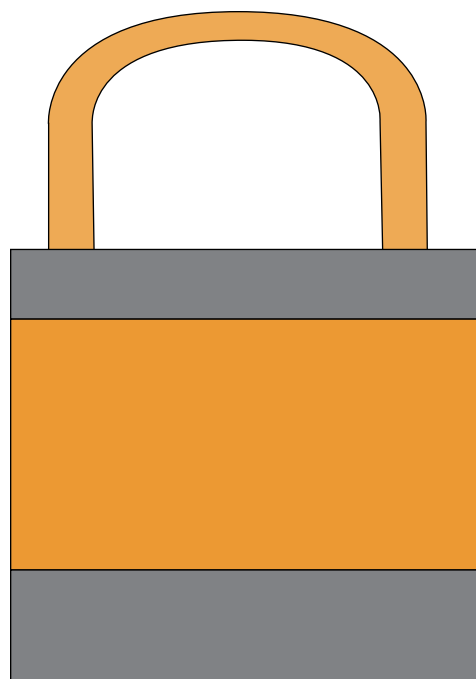

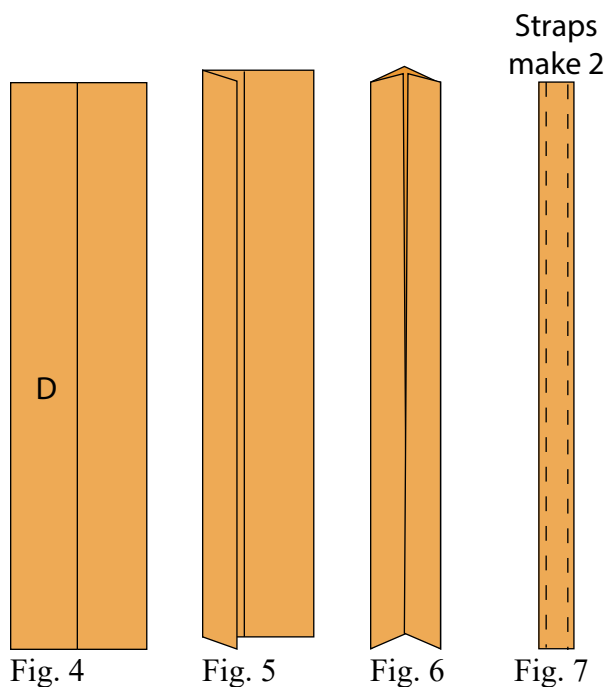

8. Fold the pressed fabric in half again and press to make (1) 1" x WOF strip (Fig. 6). Slide (1) 1" strip of fusible fleece into the handle and press. Top stitch down both long sides 1/8" in from the edge to make (1) Strap (Fig. 7).

9. Repeat Steps 7-8 to make a second strap.

10. Trim the straps to the desired length.

11. Position and pin one end of the strap to the bag front 2" from the left side seam, aligning the raw edge of the strap with the top of the bag. Pin and sew in place using 1/8" seam allowance. Repeat with the other end of the strap and the right side of the bag front (Fig. 8). Repeat to pin and sew the second strap to the bag back.

12. Place the outer bag, right sides together with the lining, aligning the top raw edges of the bag and lining, with the strap between the layers and pin together. Sew the lining and bag together. Turn the bag and lining right side out through the opening in the lining. Press as needed and top stitch the opening closed. Put the lining into the bag, aligning the sides and bottom.
